

10 December 2010

To Whom It May Concern,

Ashlesha Bhagwat undertook work experience at the TiE UK office from the 22nd March 2010 through the 1st April 2010. While at the office she performed a range of duties including: undertaking research for the TiE UK mentoring programme; cleaning up the membership database; assisting the Chapter Managers with pre-event preparation (printing badges, working on the rsvp list, etc.) and assisting with registration at a TiE UK event.

During her time at our office Ashlesha was always dependable, capable and exhibited a fantastic work ethic. She performed her duties with exceptional professionalism for her age. It was a pleasure to work with her and we would gladly welcome her back for future work experience.

Regards,
